

Probate and Estate Administration Fees

We can help you through this difficult process by obtaining the Grant of Probate and administering the estate on your behalf based on a fixed fee. Estates come in all different complexities and sizes and although we strive here to provide you with clear information on costs, circumstances can often vary which may affect the price.

How We Price

Typically, solicitors and other legal advisers will charge on an hourly rate basis, a percentage based on the value of the estate, or a combination of the two. We view this as unaccountable, and it penalises those with higher value estates. We provide fixed fees based on the amount of work that needs to be done. Generally, taxable estates involve more work than non-taxable estates and likewise second death usually involves more administration work and therefore tends to cost more.
